Andrey Retynskiy

30 y.o. UI/UX Designer from Ukraine. Started my career more than 10 years ago as a Web Designer. My current position is Product Designer, I'm working on big projects of well-known Ukrainian and international companies.

Strong skills in UX (wireframing, prototyping, user testing, information architecture, copywriting), UI and Graphic Design (web, mobile and devices with touch interfaces, print, branding).

Open-minded towards new ideas, technologies and tools.

Ukraine, Kyiv

AWARDS

Badoo Profile Screen Design contest, 2013
Dating–focused social networking service Badoo has held online competition. Main judges were Russian designer Artemy Lebedev and Badoo founder Andrey Andreev. 353 designers took part and I'm one of the 15 finalists.

First Ukrainian Open Championship on computer graphics and animation — «Spring, love, and three points...», 2003
First place in web–design nomination in Donetsk and Kyiv.
